Prayers For Healing: 365 Blessings, Poems, & Meditations From Around The World

Synopsis

As recent scientific research shows, the simple act of praying can be emotionally, spiritually, and even physically healing. With *Prayers for Healing*, Maggie Oman invites readers into a healing space that can transform both mind and body. Organized in daybook form, the book focuses on healing in all its dimensions - physical, emotional, interpersonal, social, and environmental. Quotations range from sources such as the Bible, the Tao Te Ching, the Koran, the Torah, and Native American texts, as well as from Deepak Chopra, Rumi, Martin Luther King Jr., Marianne Williamson, and others. Together they create a tapestry of comfort and inspiration for rejuvenation and renewal.

In times of sickness or adversity, humans tend to seek comfort and healing from a greater power. We know this quest as prayer; universally it has brought solace and healing to many seekers. For those who lack the words, inspiration, or familiarity with prayer, Maggie Oman has assembled a collection of healing prayers for every day of the year. Included are voices as familiar as Duke Ellington ("Every man prays in his own language, and there is no language that God does not understand."), Bobby McFerrin, and May Sarton, along with voices as reverent as the Chinook Indians, Kahlil Gibran, and Mother Teresa. --This text refers to an out of print or unavailable edition of this title.

Maggie Oman Shannon is a spiritual director and writer. She is the author of One God Shared Hope, The Way We Pray and Prayers for Healing, and is the co-author of A String and a Prayer. She lives in San Francisco.

This book may be a disappointment to those looking for physical healing only and/or a consistent prayer format as this book is rather eclectic. The term healing is used in a very broad sense here and, for that matter, in many other similar books. However, if you are not pressed to solve a specific problem the book is interesting. I have several books like this and have yet to find one that had a typical, repeated prayer format for physical healing or mental healing for that matter. Prayers for world peace may involve healing, but it's not quite the same as looking for prayers that cover God's intervention for your brother's appendicitis operation.

This is a great book! The concept of healing presented in the prayers is wide ranging and not limited to physical health. Enjoyed the diversity of religions and cultures. I originally received this as a gift but have purchased several for friends and keep one on hand to give to someone going through a rough spot. A friend and I have both re-read our copies. Everyone that I have shared it with has had good things to say about it.

This is one of my favorite books of daily reflections. It covers a variety of belief systems with an array of contributors from all over the world.

Very inspiring special if you need a little positivity in your life.

This book is exactly what I needed as I have had a horrific past few months and am greatly in need of healing words. I had read Larry Dossey's book about medical doctors who pray for their patients and that it was scientifically shown to work. Maggie Oman Shannon's book is exactly what the doctor ordered.. it is really helping me!

Best book of its kind I have read in years. Sharing it with family, too.

This is the book I get for those just receiving difficult diagnoses or are suffering in some way. I believe there is something for everyone, most beliefs and multiple situations in the book. Healing

comes in many ways, so even if a person is terminally ill, I offer it. Some read the prayers by the dates; some ignore the dates. One woman in chemo is using it like a journal by jotting in the margins. I hope it continues to be available as long as I am visiting those wanting to heal. Thank you
Maggie Oman Shannon.

This was given to me as a Christmas gift by a neighbor. A GREAT GIFT, I purchased this as a gift for someone. There is a new volume which I have not seen yet. It is various poems and prayers from every source one could imagine, presented in daily prayer manner. One day it could come from any of any religions, or a Saint, a poet, a world leader all of it is inspirational and used with permission of the person or the holder of copyright or whatever. Let me say this I did not realize at first what a wonderful gift this was, and now I make sure I keep it around me.
