Well written. Concise easy to use and read.

Was a gift for my son and he love it.

This is one of the easiest to read translations and yet none of the beauty of the documents is lost in the translating!

Needed for class

This is an easy to understand translation of the documents of the Second Vatican Council. Flannary's translation is quite good compared with other translations of the documents. These documents are a good place to start if someone is trying to understand what the Catholic Church is about and what its proper role in the world is.
