Chanel Fine Jewelry (Memoirs)

Synopsis

One of the most visible personalities of her era, Gabrielle Chanel invented a style synonymous with modernity and chic. What is perhaps less well known is that the grand dame of 20th century fashion also worked with silver and diamonds to create an exceptional collection of the finest jewelry - a collection that is both classic and contemporary, in keeping with the tradition of one of the great names of the 20th century. In this volume, Chanel's foray into the world of jewels is told.

Francois Baudot, special correspondent and adviser to the editors of Elle magazine, lives with, observes, and comments on the fashions of his time. He has written *Mode du Siècle* (1999), as well as various monographs in the "Memoire of Fashion" collection, in particular those on Elsa Schiaparelli, Poiret, Alaïa, Thierry Mugler and Yohji Yamamoto.

I received a totally different book about Coco Chanel. There are many pictures and very little text. Interesting, so I'll keep it.

Beautifully presented, a high-quality printing. Gorgeous detail photos throughout. Text is informative. This is a very seductive art book.
