“Finally, a comprehensive anger workbook for women” thoughtful and informative, this book is a must for any woman who struggles with constructively expressing anger. Petracek has created a thoughtful and informative guide that offers insight into the specific difficulties women have with anger. This workbook is full of examples and exercises that will help the reader identify how she currently manages her anger, how stress and self-esteem relate to anger, and ways to appropriately express anger and improve relationships. This exceptional book will help women stop destructive

patterns of anger, whether they lash out or hold it in, and have healthier, happier lives and relationships. I am thrilled to have such a great resource for my clients.â • â "Vallerie E. Coleman, Ph.D., psychologist and adjunct faculty member in the Department of Psychology at Loyola Marymount Universityâ œPetracek uses a commonsense, realistic approach to helping women deal with their anger. I found a wealth of information on the pages of this book; it is an excellent tool for women whether they have mild or major challenges with rage. Petracek takes the mind, body, and spirit into account when teaching women how to channel their anger in a healthy way.â • â "Jan Brown, executive director of the Domestic Abuse Helpline for Menâ œA much-needed book. The problem of womenâ s anger is often minimized in our society, but not by Petracek who, thankfully, takes this subject seriously. Having worked for many years with angry and aggressive women, she offers some practical and innovative solutions. I especially enjoyed her sections on anger-ins vs. anger-outs and the chapter on parenting.â • â "John Hamel, LCSW, author of High Conflict to Battering and director of John Hamel & Associates, a counseling firm in San Raphael, CA"A much-needed, long-awaited book on the subject." â "Ruth Gottstein, publisher of Volcano Press
