Federal Rules Of Evidence: With Advisory Committee Notes & Rule 502 Non-Waiver Templates (2017 Edition)

Synopsis

2017 edition, now with larger print. A current edition of the Federal Rules of Evidence is an important resource for lawyers, paralegals and law students. The same can be said for the Advisory Committee Notes that can be extremely useful in understanding and applying the Rules. This book contains both of these authorities and is current through December 1, 2016. In addition, this book provides an overview of Rule 502, perhaps the most significant change to the Rules in the past decade, governing waiver of the attorney-client privilege and work product doctrine. This book also includes non-waiver templates under Rule 502 that you can consider using in your practice.

Great reference that is slim enough to use at trial. Won a case because it was in my bag when an evidence issue came up, I had the section tagged and could reference it readily.

Content is great but the font is sooo small. They could have raised the font size and only added a few pages to the book. You almost need a magnifying glass to read. Great price so it is a shame that they screwed up the publishing with the font size.

I am glad to see this update. And from what I know to be a reliable source.

IF YOU WAN THE COMMENTS TO THE RULES, THIS IS THE BOOK YOU NEED. NOT THE POCKET VERSION.

Great book. Just as described.

Current rules.
