A Charmed Life (The Charmed Life)

Synopsis

New York's social darling just woke up in a nightmare: Oklahoma. Problem is, it's right where God wants her. Bella Kirkwood had it all—A-list friends, Broadway in her backyard, Daddy's credit card. Then her father decided to trade in her mother for a newer model. After that, her mom fell in love with a man she met on the Internet and moved the family to Truman, Oklahoma. To a farm no less! But that's just the beginning of Bella's problems. Her semi-pro-wrestler stepdad signs up the family for a reality TV show. As if having a camera crew follow her around isn't bad enough, Bella discovers a conspiracy against the Truman High prom queen candidates. And that's before the arrival of the Fritz Family Carnival with its creepy clown. Bella is one skinny-mocha frappe away from a total meltdown. How can a girl go on when her charmed life is gone and God appears to be giving her the total smack down?

Spunky, cute - a delightfully fun read! Once again, Jones manages to capture not only the drama of being a teen with great insight, but she does this while crafting well developed characters and an interesting story plot. Bella, her family and friends are quite the interesting crew. Seriously, not a dull moment in this girl's life! I have to say, that while I really liked this series, I didn't love it like I did the Katie Parker series. That one had me laughing out loud often. Still, this one was interesting, fun and kept the pages turning! I do believe that the last half of Book 1 and Book 2 were my favorite parts of this series. Book 3 was also quite enjoyable but Book 2 was the show stealer for me. Overall, a fun and entertaining read!***Note- A Charmed Life is 3 Books in 1, the whole series bound together!

I love these books like a 12 year old girl loves Justin Bieber! Jenny B. Jones is hilarious, and she totally gets being a teenage girl and what sort of things run through our minds (like how much Ben & Jerry's can solve your life problems). I'm a sucker for romance drama, (but not the kind that makes you gag) so I was glad for plenty of that. She keeps her books light and funny, so warn your family you'll be bursting into laughter at awkward moments. I discovered that the hard way. And finally, she ties it in with a meaningful message that leaves you inspired. A few other things her books leave you with are exhaustion from staying up all night on a school night to read it (but I'd do all over again in a heartbeat), and walking aimlessly around your house wondering what the heck are you gonna do until you get the next book!

Awesome book! Cover was smashed in a bunch and I was disappointed with the quality. I ordered it with just enough time to give as a gift and couldn't return it. I have given a copy of this book to so many of my friends! I love it! This is the only time I was disappointed with quality. I ordered a spare used one for myself and it was in better shape.

One word: Hilarious. I laughed and laughed so much to the point where I nearly cried. I love all the characters (especially Ruthie) and enjoyed the great comedy. Jenny B. Jones is a splendid Christian writer and hopefully we'll see more of her books. By the way this book consists of all three books from A Charmed Life Series. So definitely is a great buy for only 8 dollars!! And suitable for all ages....

Jenny B. Jones knows how to write well. Her characters are lovable, and believable. I would recommend all her books.

Pretty interesting and funny story, though pretty predictable.

This author is hilarious! I read another book by this author and loved it, laughed through the whole thing - so I downloaded this book for my 14 year old granddaughter thinking she might actually read a little bit. She loved it - we had to tell her to put it down! Great writing!

This is the funniest book I have ever read! I love that all three books are in one, a must read! Jenny B. Jones is a gifted author
