I expected more excursions and sites to see. I thought there would be more description about each area. I did enjoy the maps and they seemed helpful.

Great handy book, packed with just enough information. If it is your first trip or a repeat visit you will be happy to have this guide.

We used it constantly and had a great vacation! Only wish it was divided by location instead of activity theme.

The map was great in helping us get a feel where we were traveling. All information seemed to be current and very helpful.
