Very good.

The price for the item was great, until they added in the shipping fee. It came out being almost the same price, if I would have just bought it locally. No bulk order discount, no prime availability, no choice on shipping speed. Knowing what the actual cost difference now, between this seller, and paying another 50 cents to buy it locally; I would just buy it locally for the up front costs, the time and convenience.

great deal
