Gave this as a gift to friends traveling to Yellowstone. We gave it with confidence since our previous Fodor's Travel Guides have been awesome. They are easy to read, have helpful local tips, and are filled with wonderful pictures. Our friends said they enjoyed both the book and their trip.

Interestingly, they said they enjoyed the book almost more on their return as it helped them relive their favorite parts. There are more thorough guidebooks out there - but we've come to trust the Fodor series when we just want to grab a quick title that will help add history and some guidance to our trips.

This book was awesome for factual information as we went around Yellowstone. Very informative and my husband noted that I was his walking/talking personal tour guide. We enjoyed learning as we saw all the sights.

Great pictures, descriptions and details. Great for planning your trip to Yellowstone and Grand Tetons. Very informative and many great suggestions and resources.

A great guide book.

Using for our trip this summer, exactly what I needed.
