Dragon God (The First Dragon Rider Book 1)

Synopsis

The new world is calling...Neill Torvald is desperate to prove himself to his father, whose warlord kingdom depends on him. When a vicious attack on the way to the Draconis Order monastery nearly kills him, it becomes clear that grave trials await him on this path. Jodreth, the wise monk who saves his life, advises caution upon entering the sacred halls. His mission is to learn arcane magic from the monks that will help to cement his father's power, but Neill will need more than magical arts alone to navigate the challenges before him. Among the monks' students, Neill meets the lovely and mysterious Char, who senses evil deep within the ranks of the Draconis Order's members. She takes him to a dragon she has raised, Paxala, and the three of them become fast friends. Neill soon grows in strength as he and his fellow students gain ancient knowledge, and his closeness to Char blossoms into something more. But when Neill's brothers grow impatient and attack the monastery in a bid to seize power, he will have to decide where his loyalties lie: with his warlord father's domain, or the new friends he has made in the wider world.

Customer Reviews

Excellent! I felt and experienced it all as if I was there. Can not wait for the next book in this series.

of course i read everything i can get my hands on that have to do with dragons. I have read all Ava's books about dragons and it is fun to hear the history of the dragons as she imagines it in her stories. In the vein of LE.Modisett where the author stays in the same world but moves back and forth along the timeline. So, you will hear names of "families" that are in her other stories. Pick this up and enjoy the story. Great job Ava.

I love dragons and this is a wonderful well written story about these wondrous creatures and two young people who care for one in particular. Also there are mages and young ones in training. Friendship, treachery, threats of war are all part of the story. It is great. I highly recommend this book.

The story is an excellent adventure, with a little mystery thrown in. Unfortunately Neill looks like a simpleton in order for the mystery to work out. I had the mystery parts worked out three chapters ahead of time. Please let Neill grow some brains if he is to be a Dragon rider.

Having read all the previous books, I was anxious to read Dragon God and I was not disappointed!! I loved learning how the dragon riders first started and will be anxiously awaiting the next book in the series.

Another great story in this dragon line, I really enjoyed this book that brings you into at the beginnings of the dragon riders start, looking forward to the next book.

This is a really good book to read it kept me entertained and it seems like I couldn't put it down were wondering what would happen next

Looks like this will be another fun series of books with good characters, plot and exciting events. Looking forward to the next book.
