The Story For Little Ones: Discover The Bible In Pictures

Synopsis

Now children can experience God's great love story! The Story for Little Ones is filled with vibrant illustrations and simple text that bring 31 pivotal Bible stories, including Creation, David and Goliath, and the birth of Jesus to life for children. At the end of each story, a simple message will help children personalize and remember the greatest story ever told. This picture book Bible, designed for children ages 2-5, is part of the The Story campaign presented by Max Lucado and Randy Frazee.

Age Range: 2 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

Josée Masse has always been drawing. Her father was a painter and as a child she remembers painting with him in his studio. After studying graphic arts in Montreal, she worked as a graphic designer before beginning her career as an illustrator. Josée loves illustrating books for children and enjoys working in her studio near Montreal.

I checked out a few of the storybook bibles here on before I came across this one. I am so glad has the "Look Inside" feature. After viewing the few sample pictures, I knew immediately "The Story for Little Ones" was perfect for my 2 and 1/2 year old. The illustrations are so sweet and colorful, and the bible passages are a great length for toddlers. The book is nice and large too, which makes the vivid pictures even more impressive. Yet, it isn't too heavy, running about 100 or so pages. I

think this is absolutely the perfect gift to give a young family about to have a baby. My mother-in-law habitually buys full length bibles such as Precious Moments, then has them personalized before gifting to a new baby. While they are certainly lovely, thoughtful gifts, they are also not something I would dare let my child handle for several years due to those tissue thin pages. Also, having very few pictures, these bibles are not very engaging to my kids. "The Story" on the other hand really captures my little guys attention. So, to all the grandparents out there who love to give bibles to new babies, I am talking to you!! Buy this one! There is a nice page in the front for you to simply write the child's name and/ or leave a little message from Grandma.

While this book is easy to read, and the illustrations are really good. there are however, major gaps in the story. The most glaring one is the omission of the fall. This is the pivotal point at which mankind rejects God and the point from which God work his plan to restore us to him again. So without this critical aspect being in The Story for children the rest seems rather pointless. A major omission that I hope will be rectified in future editions of The Story for Little ones

I love this story bible! The illustrations are beautifully done and captivating. At the end of each story, there is a highlighted sentence indicating how the store relates to each of us. This is a great "in-between bible" for pre-schoolers. The stories are a little longer than typical board book bibles so the messages can be presented with more depth but they aren't so long that your little one loses interest. I'd say it's probably best for 3-5 year olds. But my 2 year old enjoys looking at the pictures and I can usually get through one story. She doesn't sit through much more with the simpler board book bibles.

Ordered this book for a baptism gift. I am really impressed with the quality of this book. It's a sturdy book - perfect for a lasting keepsake gift. The illustrations are very well done - nice and colorful! I really like the layout. The stories are brief synopses of the popular biblical stories (in order, I might add) that are easy to understand. My favorite part of the book is the end of each story. There's always a two sentence wrap-up of the story's moral and how you can apply it to your life. For example, at the end of Samson and Delilah, the moral is "Samson asked God for help. You can ask God for help too." I just really like how cleanly each story is tied up and its message of hope. I'm really happy with this purchase!

My church needed a children's bible so I took the time to find one on (I love). This has such

amazing quality and I can definitely see it last a very long time. The colors are vibrant, which is visually eye catching for the kids, and the wording is appropriately serious/fun if that makes sense. If you're thinking of purchasing this, I'd encourage you to, it's honestly a really great book.

Great book!! Absolutely perfect for my 5 and 8 year old!

I got this Bible for my 3 1/2 yr old son to begin seeing the stories from the Bible from front to back. This Bible has lovely pictures, and stories that are quick enough to still maintain his attention. It is also a book that he will certainly grow into more as a few more years pass before he will require a more detailed, older kid oriented Bible. I know it is hard to pick the stories of the Bible and figure out what to include in a very concise, short format. I think that the authors did a great job in the task of keeping it simple and sweet for young kids, while conveying the entire Bible in pieces.

Great book. My kids and grandkids love it!
