Customer Reviews

great book. written, edited, designed, and printed in Detroit, MI. an insider's guide to Detroit.

A very comprehensive guide covering all parts of Detroit. My daughter just moved there and it was great to have the guide. Features I would have liked, thus the 4 stars: 1.) Prices. Though I know they get out dated, it allows one to have an idea of cost and compare with like hotels, restaurants, ect. 2.) Information about the Canadian town easily viewed across the river. Any information would have been nice. 3.) A good map. There were a couple of small maps but not map of the city.

More mine than the books fault information was a little dated

I grew up in Detroit, and this book is perfect for me and my hubby who frequent Detroit all the time! We leave it in the car as a reference when we are just driving around! Awesome Book!

Great detailed book for those of us who love to explore Detroit!!!

I've lived here all my life and never knew about most of these places.

I've been living in the metro-Detroit area for (if you include three years in Flint) almost 10 years now.

It is a wonderful city despite the bad press it tends to get. This book really opened my eyes to the incredibly diverse opportunities for learning and to be entertained in the motor city. Highly recommended!

I've learned more about my own city from this book than I ever thought possible

Gave to my son who lives in Detroit, and he uses it as a guide to things to do in his new community!
