White House Confidential: The Little Book Of Weird Presidential History

Synopsis

An irreverent look at Presidential foibles, follies, fibs, and moral failures Were past presidents smarter, more honest, and better behaved than those we elect today? Don't bet on it! *White House Confidential* shows that commanders-in-chief have been lying, cheating, stealing, and womanizing from the days of the Founding Fathers. Focusing on the qualities that never made it into White House press releases, the authors look at their sexual misdeeds and strange family relationships, scandals that engulfed administrations, fights with enemies, and questionable money matters. Dip into these pages to find out: Which president was famous for being the richest man alive because of all his brilliant real estate deals? Which president was born in Canada, and was ineligible to hold the office of president? Which president caused some problems by trying to grow 'strange herbs' in the White House garden? Which president often ordered White House staff to rub Vaseline into his scalp while he ate breakfast in bed? Which president often called his deputy chief of staff 'Turd Blossom'? Updated with new material about many presidents including George W. Bush and Barack Obama, *White House Confidential* will have you laughing (and sometimes cursing!) as you take a second look at the next occupant of the Oval Office.

Customer Reviews

Some interesting tidbits but not well organized and random different fonts were distracting.

Very interesting book. Full of interesting facts on each president that few people know about.

I never realized that the stuff that is going on right now is about the same as it always has all the way back to Washington !

Great to peek behind the headlines and view the humanity of those we hold in such high esteem!

I like this book, it's got a lot of cool interesting facts but it's missing pages 65-74. Since I've put it down.

Very entertaining and interesting. A fun read!

A great read

Interesting facts about our past Presidents. The format on Kindle was not the best. It probably looked very different in standard print form.
