# 2016 ICD-10-PCs: The Complete Official Draft Code Set

## Synopsis

This codebook provides the complete draft code set for hospital procedural coding. ICD-10-PCS 2016: The Complete Official Codebook presents the complete code set in 16 sections of tables arranged by general procedure type. Tables within the extensive Medical and Surgical section are additionally sectioned out by body system and indicated by color-coded page borders. The illustrated ICD-10-PCS codebook contains classifications for procedures, devices and technologies.

Product Dimensions: 8.4 x 1.4 x 10.8 inches

Shipping Weight: 3.2 pounds (View shipping rates and policies)

Average Customer Review: 4.7 out of 5 stars 19 customer reviews

Best Sellers Rank: #366,047 in Books (See Top 100 in Books) #92 in [Books > Textbooks > Medicine & Health Sciences > Administration & Policy > Practice Management & Reimbursement](#) #124 in [Books > Medical Books > Administration & Medicine Economics > Practice Management & Reimbursement](#) #328 in [Books > Textbooks > Medicine & Health Sciences > Medicine > Education & Training](#)

## Customer Reviews

I did not realize this was spiral-bound. I would have never purchased it had I known. Wish I can exchange it for the paperback version. Otherwise this is an excellent condition. The ICD 10-PCS was listed as new. The front cover has some kind of plastic peeling on it and the last section that is purple coated has tears in it. Would appreciate a replacement and maybe a label to return this one back to you. You would think that it would come in perfect condition considering the extreme price that was paid for these books.

I rate this a four star since the book came slightly damaged and since I had ordered it new I would have thought it would have been packaged were you take off the film cover to actually open it. Just like when you always buy something new you have to take off the plastic. It is different than the one I use at school. This one has the index on the front instead of the back of the book. Other than that

everything else is ok.

It is doing the job I need it to do for my classes.

Good purchase for me. My book arrived in no time. Quality in service and the condition of my book is excellent.

Book arrived slightly damaged. The clear protective gloss film on the book is coming off.

When you finish coding over 300 exercises in this book and taking notes you should definitely pass the coding test along with the anatomy book.

It's an intense school book, and extremely necessary if you're in medical coding.

good
