A few years later, Chad decided to move and reside in Los Angeles, California, where he expanded his business knowledge and background within the field of Finance. Chad has always believed that if we're blessed enough to have insight and to have economic opportunities, then we're also blessed enough to be able to give back. "To those who much has been given, much is expected."

I recommended this book to a friend who said, "It was almost \$40.00." She didn't buy it. It is very interesting but I think it is overpriced. It takes a "new age" slant. I read so many new age books in the 1980s. It is very interesting and very easy to read.
