Pathfinder Vol. 1: Dark Waters Rising

Synopsis

Collects Pathfinder 1-6! The warrior Valeros can rely on his sword arm and his friends -mysterious sorceress Seoni, quick-witted elven rogue Merisiel, powerful wizard Ezren, well-traveled dwarven ranger Harsk, and courageous cleric Kyra - but nothing can prepare him for the dangers that lurk ahead. The scattered goblin tribes of Varisia are unifying in ways no one has ever seen before. At the heart of this strange evolution is an ancient force of evil looking to establish itself anew in the world of Golarion! Paizo's award-winning fantasy world, fiction line, and tabletop RPG is now the ultimate fantasy comic! With an action-packed story written by Jim Zub (Street Fighter Legends, Skullkickers) and incredibly detailed artwork by newcomer Andrew Huerta, this first volume introduces readers to a richly envisioned fantasy world filled with compelling characters and impressive sights. Pathfinder Vol. 1 collects the first six issues of the comic series as well as including an exclusive 10 page bonus story, "The Last Mosswood Goblin," by Jim Zub and Ivan Anaya, found nowhere else but here! Other bonus features are more than 30 pages of encounters, characters, and world detail for the Pathfinder Roleplaying Game

Customer Reviews

While the plot was predictable (monster of the day defeated with the help of new friend of the day, ultimate monster defeated with combined efforts of all), I found the characters fascinating, each with their own strengths and weaknesses.

I loved this. The artwork was excellent, the story was fantastic and I now want to play Pathfinder badly. I also really enjoyed the bits in the back that allow you to play the adventure with your friends. Very very well done Pathfinder... take all of my money right now!! :)

We began playing Pathfinder earlier this year, and have really gotten into our games and characters. I purchased this for my son....anything to get him to read! The good part....he read it! The bad part...it didn't take very long. This is basically a comic book: not much text on each page, so it will go quickly. I recommend the Kindle version, as it is much cheaper.

This hardcover is a great entry into the world of Pathfinder. I find that the Pathfinder series is doing Dungeons and Dragons fantasy better than the Dungeons and Dragons series! In addition to the comics, you get a ton of info, encounters, monsters and characters to use in your Pathfinder games based on the story.

I like the Pathfinder background fluff for the pen and paper game and I do like the iconic characters and their expanding history described in the book. Also good story, and adds more pen and paper elements in the back.

Jim Zub is a great storyteller, he writes his stories like a gamer, and his gaming expertise shows in his dialogue, without being stilted or boring. Skillfully plotted and imaginatively drawn.

This absolutely rocked! What a great start to a fantastic series, strong art that is coupled with a decent story and laced with snappy one liners. What's not to like? A must for RPG or Pathfinder fans!

great book, thank you for the fast delivery
