This book is awesome. I feel like im in film school, it covers everything from A-Z. Its very over
whelming. But once you master this book you will feel like you have a degree

Fantastic and thorough.

Excellant. For novice or professional.

This is a great textbook for understanding documentary production.

I'm assuming it is the greatest book on the subject. I bought it for my son who is in college learning
how to edit film and spend my money. He is doing a great job of spending my money and I hope he
does a great job working in the film industry.
