Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles

of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

This book is full of rare salsa tunes So if you are looking for salsa music it might be ok. But it is far away from a compilation of Latin standards

The authentic Latin and Latin Jazz standards. Very handy bass and rhythm patterns included. A must for any serious performing Latin jazz ensemble.

This book has all the great Latin jazz charts you would want to play - Canteloupe Island, ARMANDOS RHUMBA, Evil Ways, Miami Beach Rhumba, and the Fool on the Hill are amongst my favorites.

An amazing amount of tunes in this book, ones that are classics and ones that were new to me as well!

I have wanted a copy of this for a long time, but at \$40 felt it was a bit too much for me. Besides, there were only a few songs that I needed. Of all the fake books I've seen, this one reproduces the rhythmically complex music most accurately, and is set up as piano score with instrumental cues.

Best Latin fake book out so far. Easy to read with great variety if tunes. I can hardly wait for Volume 2(hint hint).

Easy to read layout (of course) and a boatload of Latin tunes I haven't found elsewhere.

excellent
