Grade Level: Preschool - Kindergarten

Customer Reviews

A great selection. Although intended for new independent readers, the ready-to-read series is great for the short attention span of my toddler. Each book is based off an episode which we've seen, so I'm able to include the songs he's learned.

My 3 year old daughter is kind of obsessed with Daniel Tiger and she was so excited to get these

and read them to me. She is in the early stages of reading and these are very simple books. She has very little trouble reading the words and the print is nice and large for both of us to see.

Great way for my 3 year old to further strengthen her love of both reading and Daniel! She adores the illustrations and "reads" them often. Kept her busy during a recent road trip. Great buy!

We like these stories and so does our 3 year old, she has memorized them and "reads" them to herself. She also takes away the lessons to use in everyday life which is so helpful!

Grandson, 3, loves Daniel Tiger and I love reading the books to him.

My daughter loves the books, but we received 2 of one title. This appears to have happened to other customers as well.

My grandson loves the set of books. I think it is a good deal.

I received 2 duplicated books and 1 book is missing. My son was disappointed.
