Extreme Hairy Pink Pussy

Synopsis

Scandalous pubic hair! Extreme Hairy Pink Pussy is filled with images showing the private parts of women in their natural state. The models run their fingers through their bushes without a hint of shame. The height of sauciness generously, they open their vulvas with their fingers in order to expose their sex like a gaping red mouth... These pictures leave nobody in the cold. Walter Bosque ennobles them and gives them iconoclastic status.

Customer Reviews

Walter Bosque's work has evolved from the more serious, artistically oriented approach to that of a laid back, kitschy style. And that's not a bad thing. This new book perfectly reflects his more light-hearted, festive vision. Bosque's youthful muses laugh and play as they show-off their beautiful, olive toned bodies, seemingly consumed with delight as they drop their panties for closeups of their bushy genitalia. The remarkable contrast between their inky black pubic hair and fleshy pink labias is hypnotic. And this variance seems critical, as the most fetching shots within are those where his girl's spread wide, their vividly colored, fleshy vaginal lips bursting through the black forest that resides between their legs. For the more timid there are also plenty of classically inspired glamour nudes and even some girl-on-girl material. Argentina is renown for the beauty of its women and Walter Bosque is the ideal photographer to capture their unique Euro-Latina charm. This is magnificent glamour photography with just enough sexual energy to make it very interesting.
