Larry Larkin

The author of this book is local and known to me. I heard how nice the book was. So ordering thru was a great experience as usual. Their description of the book as well as the quality of the seller was most accurate. I'm a happy buyer, and would do it all again in a heart beat!

My neighbor who grew up in Lake Geneva, WI made me aware of this book. I have been going up to the Lake Geneva area since 1978 and this book does a remarkable job of showcasing all of beauty of the lake and all of the historic wooden boats that grace its waters. Most boats include a one page spread with a picture, its history and a story including its current owner. The pictures are fantastic with most by pro photographer Bruce Thompson. The book layout is very professional and the binding and paper is high end. Lake Geneva and its boats are so gorgeous, and this book does a great job capturing them. The most unfortunate thing is that book is so difficult to obtain that everybody I recommend it to has difficulty finding it. So buy it if you can find it.

Until I came across this book, I had no idea that Lake Geneva, Wisconsin, was a hot bed of classic boating. This book is beautifully photographed and well researched, and will make you want to go to

the Lake some sparkling summer day and watch the swells reenact the opulence, style, and speed of inland yachting a century ago.
