# Wyclif: Trialogus

## Synopsis

John Wyclif is known for translating the Vulgate Bible into English, and for arguing for the royal divestment of the church, the reduction of papal power and the elimination of the friars and against the doctrine of transubstantiation. His thought catalyzed the Lollard movement in England and provided an ideology for the Hussite revolution in Bohemia. Wyclif's *Dialogus* discusses divine power and knowledge, creation, virtues and vices, the Incarnation, redemption and the sacraments. It consists of a three-way conversation, which Wyclif wrote to familiarize priests and layfolk with the complex issues underlying Christian doctrine, and begins with formal philosophical theology, which moves into moral theology, concluding with a searing critique of the fourteenth-century ecclesiastical status quo. Stephen Lahey provides a complete English translation of all four books, and the 'Supplement to the Dialogue', which will be a valuable resource for scholars and students currently relying on selective translated extracts.

## Book Information

Hardcover: 368 pages

Publisher: Cambridge University Press (January 7, 2013)

Language: English

ISBN-10: 0521869242

ISBN-13: 978-0521869249

Product Dimensions: 6 x 1 x 9 inches

Shipping Weight: 1.5 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 1 customer review

Best Sellers Rank: #907,874 in Books (See Top 100 in Books) #35 in [Books > Religion & Spirituality > Other Religions, Practices & Sacred Texts > Eckankar](#) #5947 in [Books > Christian Books & Bibles > Churches & Church Leadership > Church History](#) #7231 in [Books > Textbooks > Humanities > Religious Studies](#)

## Customer Reviews

"... Lahey makes the thought of the fourteenth-century Oxford scholastic theologian and Yorkshire-born English ecclesiastical reformer much more accessible to contemporary readers."  
Andrew Kloes, *The Expository Times*

John Wyclif wrote *Dialogus* to familiarize priests and layfolk with the complex issues underlying Christian doctrine. His thought was condemned as heretical and catalyzed the Lollard movement in

England. This translation will be useful for scholars and students of late medieval philosophy and theology and fourteenth-century English history and politics.

Stephen Lahey is a noted authority on Wyclif's theology and philosophy, both in the abstract and in historical context. The Trialogus is Wyclif's own attempt to lay out his major positions in concise form. The result, in this volume, is a meaty sample of Wyclif as a THINKER.
