Contract Law, Selected Source Materials Annotated,: 2017 Edition (Selected Statutes)

Synopsis

Receive complimentary lifetime digital access to the eBook with new print purchase. This best-selling supplement contains the U.C.C. Article 2, extensive portions of the Restatement (Second) of Contracts, the CISG, and various other domestic and international contract documents. Notably, the 2017 edition contains excerpts from the 2017 Discussion Draft for an ALI Restatement of the Law, Consumer Contracts; the 2016 edition of the Unidroit Principles for International Commercial Contracts; and the U.S. Consumer Review Fairness Act of 2016. Each document is introduced by a short annotation that explains the documents origin, central purpose(s), scope of application, and current legal status. This volume is suitable for use with any contracts casebook.

Best Sellers Rank: #22,601 in Books (See Top 100 in Books) #8 in Books > Law > Business > Contracts #219 in Books > Textbooks > Law

Customer Reviews

I never even took the shrink wrap off this book. I didn't need to. I was able to use WestLaw to look up the Restatement provisions and UCC during class. I didn't have to spend time flipping through the book during class or the final. I had all the needed provisions copied and pasted into my outline. Not sure why this was listed as required purchase for my class.

This is not the newest edition, but if you are able to get an older edition, this one works great! My professor actually uses the 2012 edition, and I have had no problems with my edition corresponding with his! It arrived in a timely manner and was in great condition for a used text book!

I don't know how to review this! What a pain this was to read for contracts, which is challenging

enough as it is! The language is terrible and beyond confusing. Even my contracts professor who identifies as a contract scholar who has clerked for Posner says these are written poorly for their purpose. Like I said, I don't know how this is to be reviewed. It's not as if I had a choice in buying this text for enjoyment. I had to buy it and I had to read it, whether I liked it or not. If you're looking for something to supplement your understanding of contracts I wouldn't recommend this unless you have legal experience. Or love to read extremely complicated texts. For for the poor souls in law school, this is a must for contracts class.

It has the restatement (second), UCC, lots of stuff. Don't buy a newer edition. They're all the same.

Good for a comprehensive study of Restatement & UCC Article 2. However, it is not as helpful for the study of other UCC sections such as secured transactions and payment systems as these sections are significantly redacted in this book. I attempted to use it for my negotiable instruments/payment systems and secured transactions classes and found that it was missing many essential code sections in Article 9 and Articles 3.

Your prof will say if you need it and it will live up to the expectations of the class. There are q&a's throughout that my prof used so that was useful.

This is very useful book, recommended!!

Best casebook in my entire law school career!
