Draw-Along Fun for Beginning Artists Ages 6+ Includes 8 pages of grid paper by Walter Foster

This is a good book for those who like to draw, in this case my five year old son, who likes to draw vehicles. We found a used copy of this book on our vacation at a beach house we rented, and he spent so much time working on it that when we got home I went to [Amazon](#) and bought a new copy. While five is a little young for him to understand the idea of drawing to a grid, he has used the book and likes it very much. Thanks!

I purchased a series of these books for my students to use when they had finished their other work. I have found that my special needs students actually enjoy these books more. But they all like using them to draw. I teach Pre-6.
