A Kid's Guide To Awesome Duct Tape Projects: How To Make Your Own Wallets, Bags, Flowers, Hats, And Much, Much More!

Synopsis

It is a known fact of the universe that duct tape can fix anything. If it's broken, just add duct tape! For generations this has been the case, and now thanks to Instructables.com, there's one more thing duct tape can fix—boredom! Duct tape has come a long way since being a simple metallic roll that you'd find in your grandparent's basement. Walk into any craft or DIY store and you'll have your senses bombarded with all sorts of colors and patterns, like argyle, zebra print, and even penguins! And unlike fancy origami paper or glitter, duct tape is inexpensive and lasts forever. Only in this all-in-one Instructables collection can you find some of the most unique duct tape projects that will make you the coolest person you know. Everybody will be talking about your duct tape art, with projects including: The classic duct tape wallet A dapper duct tape bow tie A fabulous duct tape clutch Duct tape lilies for your valentine And so many more! Making paper snowflakes and beaded bracelets are so twentieth century; the future is here and it's made from duct tape. Impress your friends, entertain guests, keep your creative juices flowing, and save tons of money on Christmas presents all at the same time! With A Kid's Guide to Awesome Duct Tape Projects, you'll be the talk of the town before you even know it.

Instructables.com is a bona fide Internet sensation, a web-based community of motivated do-it-yourselfers who contribute invaluable how-to guides to the site on a wide range of topics, from gardening and home repair to recipes and gadgets that defy categorization. The site hosts more than 100,000 projects. More than 15 million people visit the site each month, leaving comments and suggestions on the ever-growing list of do-it-yourself projects. Nicole Smith is an editor and part of the community management team at Instructables.com. She earned a BA in English from a little private college in the cold wilderness of Minnesota. Among her many hobbies, she loves to spend time working on needlecrafts like knitting, crocheting, and needle tatting, as well as baking incredibly sugary sweet treats in the kitchen. Check out her projects at [instructables.com/member/Penolopy+Bulnick](https://www.instructables.com/member/Penolopy+Bulnick).

This book is so awesome!!!! Better to get real book, not the Kindle version. It's a BIG hardback nice quality book. Over 40 projects to make. Nice projects, not childish ones. There are many ideas for things to make for grandma, but most are geared for older kids...unless you're a parent who loves duct tape, then this is the perfect excuse, that you need to help little Johnny. My son is 12 and loving the book. Those teenagers who make their prom clothes from duct tape? probably started their skills using this book. (I highly advise purchasing one the 18 assorted rolls of tape from . You need a lot of duct tape) each project has detailed instructions but even better, LOTS of detailed pictures. It's hard to mess up with all those pictures.

I have to say after reading the other reviews I felt confident this would be a great book for my 10 year old. When I received it the pictures (which are very important because they show how each step is done) were either too dark or very yellowish. Why would someone make such a wonderful cover and not use professional pictures inside. I would not recommend.

Seems like it would be a great book but honestly many of the projects are just too complicated and long for kids. My 9 and 12 year olds use it along with the 30+ rolls of duct tape and some of the projects are 2-3 pages long. We end up coming up with our own ideas.

the grandkids say that there are really only a handful that they want to do. the spiked bracelet is one of their favorites. I got for like 2.99 so for that price it is worth it.

I bought this for my eight-year-old cousin as a Christmas present and he has really enjoyed it. I

gave him a few rolls of duct tape with it as well. He asked for something to make, and he has made quite a few things already. I've actually helped him and, well, have enjoyed making things myself. I'd totally recommend this product - tons of fun for a kid who is creative.

This is a nice, thick hard back book. My daughter loves it and there are a ton of ideas in it. She is duct tape crazy with all the different designs now and loves making wallets and all kinds of things out of it. Perfect gift for any one that has kids in to the duct tape craze right now.

Good projects but surprised that a hard bound book would have such poor picture quality.

Although this is titled "Kid's Guide" it will work just as well for adults. Shipped rather fast and in fantastic condition. An excellent instructional guide from the basic fundamentals to the expert level stuff.
