Customer Reviews

I have been very impressed both by the integrity of the writing and the kindness of the young hero in this book. It is nice to see a genuine and well rounded hero in a fantasy book of this type. I am also happy that there isn't a lot of snarky behavior or teen aged angst. The violence is kept to a minimum. The imaginative settings and magical designs of the book are also well thought out. I liked

both of the first two books very much and look forward to the next ones. I will probably explore some of the other books by this author as well.

The book is a good setup for book three and that is the only problem I have with the book. The beginning and middle all work well the ending works it just seems the book is cut short. I recommend the book just be prepared that you will be itching to get book three.

Now we finally see some magic! Conryu survives The Sorting then The Awakening. A protest, a giant snake and demons are only some of the issues our hero has to deal with while keeping his homework done. A very enjoyable read!

I enjoyed reading this story the lead character is entertaining and fun to follow. There's good flow and not much unless dislodge, will continue reading this series!

This author has done a great job in setting the stage, establishing believable characters and telling a great story. #3 looks to be as good!

Enjoyed your book a. Good read to learn about one self and others trust a great read book one and 2 are both great now waiting 3 to come out

Built on the first book. The world of this book is not well defined but the writing and characters are good. It makes an interesting read.
