Vintage Rolex Sports Models: A Complete Visual Reference & Unauthorized History

Synopsis

This comprehensive and detailed reference guide to Rolex sports model watches is an indispensable asset to watch collectors and dealers. The only work of its kind, it covers the history of the Submariner, Sea-Dweller, Explorer, GMT-Master, Turn-O-Graph, Milgauss, and Cosmograph watches, from 1952 to 1990. The history of more than a hundred and forty vintage models is described in detail, with the watches shown in chronological order. Color photographs illustrate every watch model, with hundreds of diagrams providing clear and useful information about the development of each model. Twenty-two rare Rolex brochures from private collections are shown along with numerous catalog photographs and the associated sale prices of sports models sold at Christies and Sothebys worldwide from 1997 to 2007. Also included is a current price guide for every model shown in the book. Rolex watches continue to dominate the collecting market and this authoritative volume, now in its revised and expanded third edition, is an essential and timely addition to the library of the Rolex collector and dealer.
