Customer Reviews

This series gets better and better! I cannot get enough of these characters! Lucy is my favorite heroine, hands down. She's so real and she owns her imperfections and she's strong but not afraid to admit her weaknesses. I'm honored to be part of this journey with her and I can't wait to see where it goes next.

Oooh, great work now I am anxiously awaiting for the next one. Love the characters and the story line. More, more, more please.

I cannot wait till the 7th book is out! I wish they were longer but it's mostly because I read to fast now they're done and I have to wait:(

I received this book for an honest review. The "Time Loop" is another great story from Anita Oh. The main characters that you know and love are back: Lucy, Sam, Tennyson, Nikolai, and Althea. Now Lucy's diabolical father has created a magical time loop so that Friday keeps repeating itself. And only Lucy and her former friend Katie initially know. Lucy is given an ultimatum and it is up to her and her friends to try and figure a way out of this magical mess. Anita Oh's flair for writing suspenseful stories is magical. This is a wonderful book that I could barely put down for bed. You need not read each of the previous novels to get through this book but I highly recommend that you do! I did. And each book is as enjoyable as this one is.

Wow, I was so excited to get this book as a arc, many thanks to the author. What would you do if you have to repeat the day over and over, this is what Lucy has to deal with and figure out. It reminded me of "Groundhog Day". I honestly was clapping my hands at the end and at the same time wanted to thump her on her head for wasting so much time on something(I can't say here, it would be a spoiler, read the book, and find out!) The book was a quick read, and had many twists and turns.

I received the sixth book for an honest review. Wow! the sixth book has more serious undertones throughout than the previous five. It was a fast read and chock full of action. So far, the series becomes better with each book that comes out. I enjoyed the different spin to this book...and the ending...I am so looking forward to the next book and the next chapter in the packs lives. Pick this up you will not be disappointed!

This is the first book i have read by this author. It is a good read with good characterization and plotting. I found it to be easier than I expected to read this volume. It is the sixth volume after five previous books. I was given this free for an honest review. I have purchased the other books in the series.

I volunteered to read an ARC of this book. I love this series. The characters are very well written. Teenage angst mixed with love, typical troubles and then the not so typical relating to paranormal and magic. You will get swept away into their lives. Can't wait for the next one.
