Synopsis

Sexually curious adults can learn how to enjoy bedroom bondage in an easy step-by-step fashion while still being tasteful, playful, and authentic. Rope bondage is not just about tying someone up; it is an opportunity for sensuality, creativity, playfulness, connection, and passion. Bondage artist and educator Lee Harrington takes you on a journey through easy step-by-step ties and exercises for bringing you and your partner closer together through this beautiful art form. The second book in the Shibari You Can Use series, More Shibari You Can Use picks up where the first book left off, with all new ties in a playful, down-to-earth, and engaging voice. But it's about more than the bondage. This time you also get a chance to connect more with your partner through a variety of exercises that explore touch, dominance and submission, intimacy, and trust. With beautifully shot images by RiggerJay, this guide offers intermediate techniques for those ready for a challenge, broken down into clear directions for new and experienced alike. Find techniques for learning rope bondage negotiation, speed restraint (Texas handcuffs and speed-release corsets), intricate confinement (the reverse box tie and the woven head cage), beautiful erotic rope (from the Triskelion crotch rope to the floral chest harness), and much more. Are you ready to have fun? To deepen your connection with your partner? To create beautiful artwork woven on the human form? To add some spice to your erotic life? Now is your chance. Set aside your concerns about tying someone up, grab this book and some rope, and learn passionate rope bondage for an intimate connection.

Very useful book! The descriptions and photos are clear and show the details well. Unfortunately, it is very poorly bound and the middle pages completely separated from the binding the first time paging through it. It's almost as if the pages are perforated with the purpose of making them removable! But that can't be right.

works well.... would buy again

I bought the first books and used it so much I bought the follow up. Nice, clear instructions. Am a beginner and was amazed at what I could do.

Perfect reading for a knotty old man!

I owned this book previously, and was pleased at the new color photos and excellent binding. A nice piece!

As good as the first, not a lot of duplication of content as far as rope patterns go. There are only some many was to say "Safety Third" , "Get Consent", though the author treats very well.

Another brilliant book from Lee. No longer do you need to just look at the wonders of rope bondage, this book will lead you step by step into producing it for yourself. A must for all fans of rope.

So cool and exactly what I needed.
