Making these for my sisters in beautiful colors, Would recommend for anyone that loves bible verses Made out of thick stock. Have laminated them to give as gifts after coloring them!

I bought these for my Sunday School class. The idea was excellent, and the artwork was fine. But, the bookmarks were yellowed with age and looked old. I was disappointed and did not use them. I definitely would not purchase them again.

Not bad for the price but the quality of the pictures and card stock are just average.

My three girls love to color. I wanted them to receive something for Christmas that they in turn could bless others with. They colored them for family members and gave them away. It is useful for readers and super fun for my girls to read out loud and bless others with.

I get bored coloring huge pages in the coloring books and these bookmarks are the perfect size.

They have cute doodles, inspirational verses, and useful once colored :)

This are great to color with pencil or fine point markers. Paper is thick, so bleed-through is minimal.

Creative Expressions of Faith #1 Nice to put in a card! Recommend
