Customer Reviews

I bought this for my wife who is working towards her music degree. She is thrilled with the fact that it arrived quickly and is in excellent condition. She tells me that it has not become her favorite subject, but the book is excellent.

I absolutely love this book! It is very simple and straight to the point. It is very simply written unlike many diction books. You have to grab this quickly before more people find this gem,

I didn't read it yet, but I expect to learn with this book.

This book gives a good basic idea of what the rules of German Diction are! It explains very clearly the difference between open and closed sounds and explains umlauts using a combination of two

vowels. An excellent book for a German Diction class!

Although the price of the item was not considerably below retail value, the speed with which the item arrived was incredible. Also, I was amazed with the quality of the book. It was absolutely brand new with no dings or scratches to be seen. AMAZING FIND!!
