It's just a glitch that makes Steve sometimes appear to have spooky white eyes. They're probably just bleary from playing too much Minecraft. The name of the main miner character in the game is Steve, right? Well, sort of. He didn't ever have one until someone asked Notch in an interview if the character had a name. Notch's response: "Steve?" The name stuck. We still don't know what his last name is, though.
