Customer Reviews

This book is quite informative and full of very nice photos. Perfect for introducing kids to the world of scuba diving.

Not what I expected. .but great for kids I guess

Not as kid friendly as I had hoped. I thought it would show more pictures of the equipment. My son .
Sis not like it.

The book is just what I need for my visits to kindergarten classes but it apparently only comes in kindle form.It would be wonderful if it came in a hard copy.
