Best Sellers Rank: #1,736,255 in Books (See Top 100 in Books) #78 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Dolls, Toys & Figurines > Figurines](#)

Customer Reviews

It is the only guide book I could find for this collection. The way the information is listed is a little confusing and takes some thinking and cross-referencing to understand. And, the copy I received had a number of pictures that were blurred but could still be used as an identification reference. But, considering that this book is apparently the only one published for a collector series that is no longer made, it is useful and worth the price.

The item was received as advertised and was given as a gift.

This was for my mom, she collects denim days. She loves the book. Now she can see what to look for next.

Just what I needed.

Gave all the information needed to label all items. This book was a God send!!!!
