Signing Fun: American Sign Language Vocabulary, Phrases, Games, And Activities

Synopsis

Here's a great book for every young adult age 11 up, *Signing Fun: American Sign Language Vocabulary, Phrases, Games, and Activities*. Signing is visual, easy to learn, and fun to use. Author Penny Warner offers 441 useful signs on a variety of favorite topics: activities, animals, fashion, food, holidays, home, outdoors, parties, people, places, play, emotions, school, shopping, travel, plus extra fun signs for especially popular words. Each chapter includes practice sentences using everyday phrases to help new signers learn in a fun way. *Signing Fun* provides dozens of entertaining games and activities, too, such as Alphabet Sign, Finger Fun Gesture Guess, Match Signs, Mime and Sign, Oppo-Sign, Picture Hand, Secret Sign, Sign-A-Gories, Signo Bingo, Snap and Sign, and Truth or Sign. It also features a list of tips on how to sign, including how to fingerspell, use numbers, and communicate with deaf people. Whimsical drawings clearly illustrate all of the signs, and a full index lists all of their English meanings for quick reference. *Signing Fun* is a terrific first book for learning sign while having a great time.

Grade Level: 6 and up

Customer Reviews

Grade 4-8 Following the same format as Warner's excellent *Learn to Sign the Fun Way!* (Crown, 2001), this trove of American Sign Language vocabulary and games expands the scope of that title to include more signs and phrases of interest to middle school students. Vocabulary is

arranged in thematic chapters (animal signs, health signs, school signs, scary signs, etc.), and each chapter ends with a series of illustrated practice sentences demonstrating how to put the signs together. The line drawings are far livelier than most sign language dictionary illustrations, and if the arrows showing the movement of the signs are sometimes difficult to decipher (a pitfall faced by any attempt to capture a three-dimensional language in two dimensions), the written descriptions go a long way to help clarify things. A section of 43 games offers original inventions like Combine a Sign and Match Signs as well as sign language twists on old favorites such as hangman, charades, bingo, and truth or dare. This book is a great resource for readers who want to learn more signs, or for teachers and librarians looking for fun ways to share them with kids. —Kathleen Kelly MacMillan, Carroll County Public Library, MD Copyright © Reed Business Information, a division of Reed Elsevier Inc. Penny Warner is a child development instructor and the author of more than 40 books living in Danville, CA.

This is one of our books we pair with word bingo it's a great quick reference and for kids as well

I was disappointed to find that this was more vocabulary than actual "Fun", but it's still a great book if you'd like to learn more American Sign Language. There's a small section in the back with various age-appropriate games for various ASL levels.

Great and fun book. Games not clear.

I've really used this book and find it easy to comprehend with the way they display the ASL signs.

Great book for a real beginner wanting to learn ASL. I highly recommend this book. Arrived on time and in excellent condition.

This is a pretty good book to get people started. My wife signs, mostly in "song" at local churches, it adds another dimension to the music for the hearing and blesses any deaf that might attend. There are just a few deaf in our area of the western North Carolina mountains, my wife knows them all. Me, I enjoy watching her.

My daughter is using it for a sign language class. It seems very clear and simple so far. We are not through with it yet.

Great book. Show shipping
