PreSâ "In this vibrant, rhythmic, and charming picture book, a big brother expresses his joy upon the arrival of his new sibling. He helps whenever he can, and even during unpleasant tasks like diaper changes and naptime, he loves the newcomer. And his parents are proud. Engaging illustrations in watercolor and pastels capture the tenderness of this new family bond. This is an excellent choice for helping older children understand their new role in the family. Short, rhyming sentences make the story a quick read-aloud for group sharing and nap time.â "Gwen Collier, Buffalo and Erie County Public Library, NY

We purchased this item for our 2.5 year old son. To help him get ready for our second child to arrive in May 2017. This has become one of his favorite books to read at bed time. The illustrations are very cute and simple. The images depict everyday life with a baby and a toddler. He especially likes the picture of the dirty diaper. I think he has most of the book memorized by now. This is a great book for anyone with a toddler and expecting another child.

Bought this for our son who is about to be a big brother. He loves it and has asked to read it nightly for months. It's a simple read, but it gets him excited about helping out with his little brother and about what it will mean to be a big brother.

This is a very sweet and simple book. I bought it for my 2.5 year old to read to him at bedtime. His baby sister will be here in a few months and this is a great way to talk about baby. It is a durable book also, so my lil one "reads" it on his own. :)

I really like this book. It's perfect for my 20 month old and his new little brother. I love how the baby can be a little brother or a new little sister. The illustrations are beautiful, simple, and cheerful. The pages are not cardboard, but more like card stock. They don't tear easily (so far) and put up with my 2 mo old turning the pages by himself. I'll be getting another one for my sister's son who'll be a big brother soon.

A great gift for my friend's son and wanted to read it right away. It was nicely written

Such a cute story!! We got this for our 3 year old son who will be a big brother in a couple weeks. We wanted to put together a gift bag for him, so we got this book as part of it, and we're glad we did. This book is adorably written and highlights the pros of being a big brother. It's a great book for making any little guy feel special about having a new little one in the house. The last thing we want

is for our son to feel like he has been replaced or anything like that, and I know many other parents could say the same. I recommend getting this book for the new big brother in your house to let him know that he is special and can be a great helper to the new baby!

The perfect big brother book. We gave this to my toddler (almost 2) at the hospital when his baby brother was born along with a small toy and his favorite snack. He loved it and it was a nice way to show him that he wasn't forgotten. We snuggled up in my hospital bed with the baby and read it together over and over. Adorable book, I recommend this to any toddler that is about to become a big brother!

Great book. Short and simple my 2y old loves it! Thick sturdy pages. We bought this for him along with a big brother gift when bringing our daughter home from the hospital. Made him feel extra special!
