San Juan Then And Now (Then & Now Thunder Bay)

Synopsis

It's the capital and most populous city in Puerto Rico and the second-oldest European-established fort in the Americas. San Juan Bautista de Puerto Rico--San Juan--was established in 1508 and has been an important port ever since. See how this culturally rich city has changed, and how it has remained the same in San Juan Then and Now. View stunning then and now photographs of such landmarks as the seaside fortress Castillo del Morro, the mid-nineteenth century military barracks Cuartel del Ballaja, and Casa Blanca, the seaside home that was built for city founder Juan Ponce de Leon in 1521. Complete with an illuminating historical overview, the history of this vibrant seaside city comes to life in in this impressive pictorial of the old and the new.

Oscar Hernandez is a Puerto Rican journalist working in London. He was an editorial contributor to Puerto Rico Remembered (2009), the book that showcased an amazing vintage collection of color photos of the island from the 1940s and 1950s. He also edited and contributed to the revised Puerto Rico Then and Now (2012).

Wonderful book. Fast service. Would recommend to my friends.

If you know someone (or you are yourself) from Puerto Rico, get this book! The photos are great and the then and now comparison are fun!

It interested to be comparing the present and last 50 years ago. The things are changed big time. It is the historical.

If you were born and or raised here like myself, it is a MUST have.

Wonderful picture book with short histories in English and Spanish

My husband and I are going to Puerto Rico for a wedding and I thought this would be a good book. I love all the pictures.

great photos...I lived there during that time so it was fun to revisit and then see the present day changes
