Pirelli Glass

Synopsis

A definitive guide to identify and learn more about Pirelli Glass. Chapter 1 - the people who worked at Pirelli Glass and the history of the company and its products. Chapter 2 - how Pirelli came to work so closely with the famous Scottish paperweight makers Vasart, including the range of Pirelli/Vasart products. Chapter 3 - original photographs of all the Pirelli glass models from the 1959 company catalogue. Chapter 4 - the glass animal cartoon figures made under license from Disney; and commissions for the Guinness Company, Ferguson and others. Chapter 5 - later glass models from the 60s/70s, known from a later catalogue, from Pirelli advertisements, by their Pirelli labels, or confirmed by the glass artists who made them (Bob Martin/Mick Munns). Chapter 6 - Pirelli Glass decorated tableware and barware. Appendix A- the original 1959 Pirelli Glass catalogue pages. Appendix B - Pirelli Glass original prices.

Customer Reviews

This book is an absolute treasure! I found it on eBay when searching for Pirelli glass animals. I had no idea there were any books about lampwork glass animals. I immediately went to where I could

see some of the pictures inside the book. I was so excited to see the pictures and ordered it immediately. I have been collecting miniature glass animals for 55 years and I could hardly wait for the book to arrive. I immediately read it cover to cover. It is such an amazing reference guide to Pirelli glass animals and there is also a lot of information about how these animals are made. I have looked at the book dozens and dozens of times since I purchased it. It is now helping me in my collecting and I found out that I already had 4 Pirelli animal among the 1,600 animals in my collection. There are now even more. I wish there was a book like this concerning glass animals from many different countries and time periods. The information in this book is priceless. The quality of the research is superb. The information provided is both interesting and useful. The color photographs of the highest quality. There are color pictures of almost all the animals Pirelli made with many of them shown in all their different forms and sizes. I cannot recommend this book highly enough. If you have any interest in glass, paperweights or glass animals you will love this book!!!

If you are a true aficionado of glass collectibles then you have found the ultimate guide. This compact work is a gold mine of photo references and editorial content that will get your juices flowing. The author is an authority on her subject and engages the reader with her passion for what is clearly her life's work. A 'must-have' in your bookcase!
