Customer Reviews

It does deliver what it says it will, a list of haunted locations in the Jacksonville area, complete with addresses and even phone numbers where applicable. However, there is little historical background and almost no details of supposed hauntings. Mostly, "it is said" that one spirit is present. But if you are into doing your own research, it does provide a starting point.

short book. Not long enough for an evening read. Information was interesting though. I am not that familiar with Jacksonville
