Penguin Science Fiction Postcards: 100 Book Covers In One Box

Synopsis

A collection of 100 postcards featuring iconic, bizarre, and mind-blowing science fiction book covers. Exploring the weird, wonderful world of science fiction cover art, this set of one hundred postcards includes classic images from some of the heavyweights of the genre—H. G. Wells, Aldous Huxley, J. G. Ballard, Philip K. Dick, Kurt Vonnegut, Ray Bradbury—as well as celebrating images from delightfully pulpy cult classics. Inspired by surrealism and pop art, and charting science fiction’s emergence as a literary force, the postcards in this collection will appeal to legions of sci-fi devotees and design fans alike.

They suit my purposes

Some of these are a little same-y with just the classic orange cover and it would be nice if there were a few less super obscure authors, but overall I really like these. They're very different and a little kooky, very fun to send friends. There are a couple I want to get matted and framed for even more awesome!

Paper quality is really nice. If you're a fountain pen user, you'll enjoy these postcards.

Just fantastic, each card is a doorway into amazing histories and eventual movies, etc. I took each

card and looked up the Wikipedia entry on it and ended up with a DIY Sci-Fi home-schooling education. 100 cards, no repeats.

great cardstock, but a lot of the images/authors/covers are very obscure. i was hoping for some classics, but it's mostly pulp.

very cool selection of vintage covers

excellent color, great variety within the box.

Very interesting
