French Organ Music: From The Revolution To Franck And Widor

Synopsis

Nineteenth-century French organ music attracts an ever-increasing number of performers and devotees. The music of Cesar Franck and other distinguished composers-BoÃ«ly, Guilmant, Widor-and the impact upon this repertoire of the organ-building achievements of Aristide CavaillÃ©-Coll, are here explored through stylistic analysis, the study of the compositional process, and the exploration of how ideas about organ technique and performance practice traditions developed and became codified. New consideration is also given to the political and cultural contexts within which Franck and other French organist-composers worked.

Customer Reviews

Excellent scholarship; highly recommended for all academic collections. --ChoiceLawrence Archbold and William J. Peterson have amassed the quintessential scholarly compendium. . . . For recitalists, informed teachers, and students of the Romantic period, this is required reading and study. --American OrganistAn enormous amount of scholarly investigation has gone into this volume. . . a thoroughly admirable piece of work. --Music & Letters

In Europe and America alike, nineteenth-century French organ music continues to attract performers and devotees. This volume contains contributions by many of the most prominent scholars and performer-scholars dealing with this fascinating repertoire. In their essays, nearly all

previously unpublished or unavailable in English translation, they examine selected parts of this varied repertoire through stylistic analysis, the study of compositional process, and the exploration of how ideas about organ technique and performance-practice traditions developed and became codified. New consideration is also given to the political and cultural contexts within which French organist-composers worked.

A very readable collections of essays. Excellent scholarship without being pedantic.

Needs better description. I thought it was a music book not a reading book about music. Otherwise luckily the person still liked the book very much. Good value and delivery thx.. Just a little late for what I paid ;((
