Watercolor Sketching For Beginners 2:0 Enhanced Edition (Watercolor Sketching For Beginners (art, Watercolor, Sketch, Instruction, Reference, Tuition, Painting))

Synopsis

ENHANCED NEW EDITION includes where to exhibit and sell your first watercolours

Could you really paint your first artwork, your first watercolor sketch this coming weekend? Yes, you could, and my unique instructional reference kit will show you how! You will rapidly discover that watercolor painting is not only enjoyable but highly addictive. When you have completed your first piece of art, your first picture to your personal satisfaction, you will want to crack on and paint several more. First though, let me tell you a little about me and why I developed this tuition kit. My name is Jim Green. By profession I am an established author with a string of bestselling traditionally published books to my bow, and when I am not writing I produce watercolor sketches by the score for pure pleasure and I would like to assist you to do the same. My art kit will empower you to paint watercolors even if you are a complete beginner; even if you cannot draw a straight line without recourse to a ruler. Watercolor sketches (or doodles as I call them) are my favourite because they take less time to produce but I even so I still manage to knock out full scale paintings when the mood is on me. This new volume contains not only the core instruction modules of the original version but also my exclusive strategy on how to exhibit your treasured watercolor sketches to an international audience with a view to selling copies in a variety of formats. Once you have knocked out your first few watercolors you could decorate the walls of your home with them; that would give you an incentive to get up in morning; just to look at them, to be thankful for them, to luxuriate in a sense of inner fulfilment. You could invite your friends to a preview one evening; they would appreciate your work and proffer congratulations. But you could do more

You could plan ahead to exhibit your pictures to an international audience.

- Upload your watercolors to the most prestigious art gallery online.
- Create a Facebook group to display them.
- Stage a Facebook event to stimulate interest.
- Herald each new painting with a tweet.
- Build a web page to show them all off.
- Do likewise with a blog.
- Post informative articles on your blossoming expertise.
- Produce videos wrapped around your growing collection.
- You could in time launch your own teaching portal. You could employ just one of these promotional techniques, you could use a few, but I suggest you do as I do; use them all.

5 STAR CUSTOMER REVIEWS

5.0 out of 5 stars IT IS A GREAT BOOK FOR THE NEW ARTIST

August 27, 2013 By Marilyn H. Johnson "Marilyn" Format: Kindle Edition | Verified Purchase

"As a new artist, I needed a watercolor medium discussion that was down to earth. The book had great demonstrations for beginners. I really appreciated the author telling me what colors were used in the demonstration. That was a great help. I would recommend this book to anyone is just beginning to work with watercolor. It was a great purchase"

5.0 out of 5 stars LOVE IT!

March 21,

2013By harley~girlFormat: Kindle Edition| Verified Purchase"Keeping it for reference in my watercolor book library. Use it for lots of practice pieces on a regular basis"5.0 out of 5 starsWELL WRITTEN AND EXPLAINEDFebruary 1, 2013By Marjorie Tulley WilliamsFormat: Kindle Edition| Verified Purchase"Not sure I like ANY art books on Kindle as it's hard to look at the picture being painted and follow the steps to do it at the same time.Still, it is a good book for starting watercolorists"THE MOST HELPFUL CRITICAL REVIEW3.0 out of 5 starsGOOD FOR BEGINNERSApril 19, 2013By and tau"I liked this little book, and I'm not sure that knowing the exact colors the artist uses will make people better artists, but I think the essential message is, not to be intimidated, just start painting. The author has used simple sketches that can be easily copied o

Customer Reviews

Best beginner/refresher water color book I have found. And the guy sounds like a curmudgeon a little bit which is wonderfully entertaining and authentic. He really shows you how to do stuff, no time is wasted, he just dives in and gets down to business. Love this book.

Good book. Nice explanations and helpful for a beginner.
