Zane's Everything Fades Away: An EShort Story

Synopsis

Amanda is bored with life. She spends hours a day on Facebook, her parents act like they are too ancient to enjoy life any longer, and her military husband, Ralph, is deployed to Afghanistan. Gideon is not totally content at home either. His wife, Nina, is a lifetime overachiever and a workaholic. She has moved her mother into their home so she can have a live-in sitter, and Gideon has fallen to the bottom of her priority list. On Black Friday 2012, both Amanda and Gideon end up at a Best Buy to take advantage of the massive price cuts on electronics. When the store opens its door at midnight, the potential customers rush the glass doors and end up in a brawl. Built-up excitement turns into mass pandemonium as the police show up in riot gear. Tear gas containers are being tossed around like lollipops and strangers are beating on each other like a heavyweight fight at the MGM Grand in Vegas. Amanda and Gideon both end up in the skywalk overlooking the madness and, even though they are complete strangers to each other, the adrenaline rush overwhelms them and they discover quick ecstasy among the chaos. After putting their clothes back on, followed by making formal introductions, they embark on a sexual journey together that re-ignites the flames in their souls. Both are forced to make choices that they never thought would have to be made; marriages are placed at risk; heartbreak is inevitable. What starts out merely as casual sex becomes much more than mere physical attraction and their lives begin to unravel. No matter how incredible something wrong can make one feel, eventually, Everything Fades Away.

I read this some months ago and just recently read it again . this story was so sad at the end I wanted to cry . imagine a fairy tale story you fall in love and instead of living happily ever after , the unthinkable happens !! maybe I'm just an emotional person because I got teary eyed by the end ! Zane created another banger and I loved it !! plus there's lots of sex sex sex !! some steamy sex scenes in this one !! ;) Good job Zane ! if you follow her work and you thought Afterburn was sad , hold on and buckle your seat belts !! Well done Zane well done !

It's almost not fair. You got these other cats out here trying their best to be the "next" big erotic writer. Zane comes along, drops an eBook, and puts that in check real quick! This is a short story. This is an erotic story. This is a short, erotic story. If you had any doubts that Zane could still rock her erotica roots with everything else she's doing... stop. This story opens with our main character in pure sexual bliss. Yeah, Amanda has more tongue on her than a salt lick and Gideon is probably the luckiest man in America. Actually I take that back, I just remembered that hotel scene... Gideon IS the luckiest man in America. These two are like teenagers that have just discovered sex, and Zane gives us a very voyeuristic view of their extremely sexual trysts. Yep, even though it's a short story Zane reminds us that she is still the erotic queen. As if there was ever any doubt.

This is one of the best short stories that I've ever read, i was skeptical because most of her works are so much longer, wasn't sure how she was going fit all of her normal twists and turns into a 44 page short, but it was really good. Definitely worth \$2.99 unlike a lot of shorts I've read.

Once a Zane book lover, forever will be an avid reader!!! Loved it. I will continue to read her books. Must read....

I am a huge Zane fan, let's just clear that up now but this book just did not do it for me at all. Actually it kinda made me uncomfortable and was hard to finish. Looking past the fact that we have two married people hooking up, cheating on their spouses because clearly that happens often. lol. I just could not get over the fact that in this day in age with all the stuff out there, two strangers can hook up and have a sexual relationship without using protection. Seriously! Gross. And I know, its fiction and in the world of make believe we are going to assume STD's don't exist but I couldn't get past it. I'm sorry. When I wasn't about to puke because of all the fluid being exchanged between these two characters I could appreciate the hot animal sex. I mean it's Zane, the sex is always amazing. But I really couldn't care for the relationship between these two people because of how

foul they were.

This book is literally meh at best. The story is really strange to me. I just can't see how two strangers are just gonna start humping around within a few minutes of meeting. WHERE THEY DO THAT AT? come on.. I can't get into books like that. I was really disappointed because I really enjoyed Zane's Addicted book ,this short story is a far cry from that book. Save your coins and just invest in some of her other full length books.

This is hands-down one of Zane's worst....extremely disappointing. If you are a Zane fan like me, I am always on the look out for new books. But this one surely was not worth it. The storyline sounded interesting but once reading it, you realize it's too rushed. It does not make sure why the two main characters would build a relationship out of something obviously lustfully primitive. In fact, the transition from strangers to lovers makes absolutely no sense. I'm all for a good love scene or two or three (wink, wink) but I need more than that to hold my attention and make me believe in the plot. In summary, don't waste your time with this one. If you haven't already, read Skyscraper or Afterburn by Zane.

This book was HOT & STEAMY and had you caught up from the first page, i read this book in an hour. This book will have you panting in the beginning and SHOCK you in the end. Although i expected this book to be longer, it was still a great read. i think i need to be shopping on Black Friday, LOL J/K....
