Independence In Latin America: Contrasts And Comparisons: Joe R. And Teresa Lozano Long Series In Latin American And Latino Art And Culture

Synopsis

In the course of 15 momentous years, the Spanish- and the Portuguese-American empires that had endured for three centuries came to an end in the mid-1820s. How did this come about? Not all Latin Americans desired such a change, and the independence wars were civil wars, often cruel and always violent. What social and economic groups lined up on one side or the other? Were there variations from place to place, region to region? Did men and women differ in their experiences of war? How did Indians and blacks participate, and how did they fare as a result? In the end, who won and who lost? Independence in Latin America is about the reciprocal effect of war and social dislocation. It also demonstrates that the war itself led to national identity and so to the creation of new states. These governments generally acknowledged the novel principle of constitutionalism and popular sovereignty, even when sometimes carving out exceptions to such rules. The notion that society consisted of individuals and was not a body made up of castes, guilds, and other corporate orders had become commonplace by the ends of these wars. So international politics and military confrontations are only part of the intriguing story recounted here. The book is published by University of Texas Press.

Book Information

Audible Audio Edition

Listening Length: 7 hoursÂ andÂ 19 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: University Press Audiobooks

Audible.com Release Date: June 16, 2015

Whispersync for Voice: Ready

Language: English

ASIN: B00ZRWMD8
