This is a great gift for a child to give to a grandparent!!! My mother loved it when my son brought it to her!! She said that it meant to much to her and that she now has something that she can read with him. It will be something that he can remember forever!!

All about finding food. No other animals, only bears.

The story itself is slightly strange. It's about a grandmother talking about how to help her grandchild eat and isn't very sweet.

This is an EZ reader but for the kid that has a hard time focusing he was able to figure out the reading pattern which he likes. Bought a few more just to keep his brain going after this one is done. Good hard cover book. Med size letters. Good quality kids book for the price.

Given as a gift for Mother's day, Grandma loved it!

This was a gift to my mom so she can read to her first grandchild. It's a very cute book and I can't wait for them to read this together.

I love this book. I bought this a a gift for my new grandma friends along with the grandpa book. Its a sweet book to keep at home for when the grandkids come over.

Very cute book I bought for my mom - from my son. I wanted to make it a little more personal, so I got some crayola washable paint and added fingerprint ants to the any page, fingerprint bees on the bed page, a handprint bear and some other cute stuff. Much more memorable!
