Sofia The First The Enchanted Feast: Purchase Includes A Digital Song!

Synopsis

Cedric is preparing to show off his magical skills at the Enchanted Feast: a grand dinner for all of the kings and queens in the Tri-Kingdom Area. When an evil fairy named Miss Nettle disguises herself as a powerful sorceress and takes over the feast, Sofia forms an unlikely team with Clover, Cedric, and Wormwood to protect her amulet and save her family. This beautifully illustrated picture book is based on a special episode featuring Snow White airing on Disney Junior in Spring 2014, and comes with a bonus downloadable song, "All You Desire," from the episode!

Customer Reviews

Like many others, I loved the first Sofia the First book, that told the story of how Sofia navigated her first few days as a princess. The second two (starring Ariel and Aurora) were disappointments in that they were disjointed and left out details from the corresponding episodes that made them somewhat non-sensical (Ariel) and left us without a good lesson (Aurora). The Enchanted Feast is more cohesive and flows more smoothly. The role of the princess in this book (Snow White) is a little silly (but I think they all have been except for Cinderella and maybe Jasmine in the Two to Tango episode -- we watch a lot of Sofia), but basically the lesson is -- trust your instincts and reminds us all of "stranger danger". As usual, the illustrations are beautiful and the font is visually appealing. Is it wrong of me to wish that they'd just leave the other princesses out of this?

This Sofia book is beautifully illustrated. The text is easy to understand and follows the story from the tv show episode. There was also a music download with our version of the book which is the song from the tv episode. Great addition to the book.

Book was in great shape even used! Giving to my daughter for Christmas and she is going to be so excited!

The story is easy to read and the pictures wonderful. Bringing in the original Disney princesses adds to the fun. The downloadable song is a nice bonus for Sofia fans.

My granddaughter loved it, and the illustrations were great.

Beautifully illustrated and tells an interesting story that any Sofia fan will find fun. Can't go wrong if you have a Sofia the first lover in your home.

Love Sofia the first! Shipped on time and product as described

Of the Sofia books this is my least favorite, not sure why though. My 2 year old loves it though
