Customer Reviews

"The book has a good story line and the illustrations add color and movement to the plot and the characters... It is an easy read and can be understood easily by any child. Many children can identify with Jimmy's story when they read this book. The ending is cute and cheerful. It is a great story book for kids who find it difficult to adjust to new things as they are growing up. The author has written a wonderful tale that will assist children to stop sleeping with their parents and sleep in their own beds."-Readers' Favorite

Being a parent herself and working with children for over twenty years, Shelley's goal is to inspire

and educate kids, through her books. She refuses to grow up and has a lot of fun playing with kids and creating stories. She hopes her books could entertain her young readers as well as teach them important life lessons in a fun and easy manner.

This book is so poorly written, it sounds as if a fourth grader wrote this as an assignment. The only way this might help your child with staying in their bed is if you plan on letting them decorate their bed frame. Do not waste your money on this garbage.

I got this book after seeing it on the Kindle Buffett list. This one is good for kids you are trying to encourage to sleep in their own bed and had nice graphics which is important to me. My toddler liked the book but the message was lost on her as she finds our bed the best place in the world to sleep.

This book was really cute. My son, (who sleeps in our bed), thought it was hysterical! Wish I could let him paint his own bed! Maybe that would work for us!

3 year old loved this book. It helped us get her to sleep in her own bed!

My 4 year old loved hearing about Jimmy learning to love his bed. Now he wants to paint his bed so he can sleep in his own bed all the time! Can't wait to read it again!

These books really teach a lesson. My children love to read this collection. We cannot get enough! It is so easy to read on the kindle.

I read this to my daycare children and they loved it

This story is very cute. It reminded me of what goes on in my house sometimes! When I finished reading it with my 7-year-old, he said, "That was a good book!"
