Tasty, fun and simple, taking the "blah blah blah" out of recipes and bringing them to life. Mandy Rivers put her "South Your Mouth" blog to paper and it's a treat! Classic Southern recipes from her mama and recipes she developed herself, there is plenty of good ol' home cookin' going on. Shrimp & Grits (yes, please), Sweet Chili Glazed Smoked Pork Chops (omg), Southern-Style Collard Greens (okay, collards and I don't get along, but my grandmother would have no arguments with Mandy's presentation). Not to mention real Southern Green Beans, Charleston Crab Cakes,

Daddy's Fish Nuggets, Skillet Cornbread ... all the classics and then some. If you're shopping for something fun and inspiring, enjoy!

I absolutely LOVE this cookbook! The recipes are awesome, and easy to follow. I need something delish and also easy for a amateur cook like me! My husband was quite impressed with my shrimp and Grits!!! Not only do I love the recipes but also the stories that go along with each one! I can't wait to make them all!! You will LOVE this cookbook!! WORKTH EVERY PENNY!

Oh my goodness! Love this book. Recipes are good southern cooking. I saw this book at Myrtle Beach but didn't buy it at the time. After pondering, I found it on and am so glad I purchased it. Some recipes are old favorites I had forgotten, good appetizers, etc. This will be my "go to" cookbook for a long time.

The best cookbook I have ever bought out of my hundreds of cookbooks. It has the most delicious recipes ever printed. They are so simple to make and requires only ingredients that can be found in any grocery store. It is impossible to name my favorites as want to try all of them.

I first found Mandy on Pinterest. I had tried a couple of recipes that I enjoyed. I purchased this book even though the recipes are free to print. I wanted to say thanks for providing the recipes for free. This is my way of a little support. This cookbook is like all of the others in the fact that you have to tweak the recipes to your final taste. It's good to have it in print with the color photos.

Probably the BEST cookbook ever. Most cookbooks you are really only impressed with three or four recipes. This isentire book is chock full. Went back and bought another for my granddaughter. Great recipes. This book doesn't disappoint.Bev

Just got the book, tried two recipes and got raves. Worth the money. Not a diet book.

This is a wonderful cookbook for working parents! Recipes are easy to follow and use ingredients that most people keep on hand in their pantry. I recommend this to everyone. I've bought several of these books as gifts as well. Cant wait until Mandy Rivers publishes a second cook book! Oh, and by the way, the Creamy Rotel Sausage Dip is AH-MAZ-ING! ;)
