Perfect for entry level, minimal reading. My son is 14, and has special needs, and is reading and writing (never expected!), he loves this movie, so I know he'll love the book. It's a present from the Easter Bunny, so it will be in his Easter Basket. I'm excited to hear him read it, as this ability is nothing short of a blessing!!

Nice book for a 6 year old.

My 4 year old son LOVES this movie so I was thrilled to find this reader. It is on our nightly list.

Nice book to give as a gift with the movie.

This is a perfect small-child sized summary of the film, with rich, full-colored, full-paged illustrations which will enchant a youngster who is Bolt-obsessed like mine. With as few words as possible they manage to hit all the main points in easy-to-understand language, making this an A+ book for accessibility and attractiveness.

I bought this to go with the plush bolt and my daughter reads this and carries the dog everywhere. Plus the book is the perfect length for a bed time read!

Bought for gdaughter's 3rd birthday. She loves the movie and she loves this book. Bought a 6" mini plush Bolt to go along with it.

I love Bolt, the movie, and I've got the DVD, plus three stuffed toys scattered around my bedroom, so when I saw there were books available, I had to get them. (I also got Bolt--a Little Golden Book.) Bolt, My Hero, is a large-sized paperback, and the illustrations are like the movie characters, except Mittens is cuter. They did a good job of condensing the movie into scenes. Highly recommended.
