Customer Reviews

This was a good read. I connected to the characters and could feel the bond growing. It's a book I would read again as well as try other books by this author. Overview. Ashley is an editor of a small independent publishing company. She started writing her own BDSM book. The book is based on her and her boss. Ashley is not in a serious relationship just a friends with benefits. When the friend pulls some bad moves in front of her boss. Her boss Daniel, decides to read her novel before she

comes into the office and he is hooked into her writing. Not just because it's about him but also about BDSM and his lifestyle. Daniel decides to teach Ashley about the lifestyle. But soon Daniel finds his feeling change not just for his fiancée but also Ashley. Now he wants Ashley and ends his engagement. But someone gets jealous and Daniel is put in a bad spot again. Will he choose love or let the past rule over him?

Once I got into the book I couldn't put it down. Ashley is a young woman trying to write an erotic book but hasn't experienced much love in her life. She tries to model this book on her feelings for her boss. Daniel is her boss and is into the life of eroticism but unknown by Ashley. Will stop here so I don't give away any interesting parts. If you enjoy this type of book, you will want to read this one.

Quick story! Ashley has a crush on her sexy boss and I turn is writing a book about her (bondage) fantasies! On a fateful night, Daniel happens to read her manuscript and offers her a "tutoring" session! There are twists (a fiancée) and turns (overbearing mother) but it all works out with a HEA! Enjoy!

I couldn't put this book down. I was so caught up in this book I thought I would never finish it to find out how it ended. Thank you for the great book

Nothing fancy but a nice little read. Stock characters and plot devices to fill in between the smut. Not Bad.

loved it

This story keeps you guessing the next move of the characters. Filled with fun and exciting love making. A good read.

I liked the 'you've got mail' feel to this story. Until suddenly it felt like 'fast and furious'. What the heck happened!
